Hello!

I am Soumya Prasad. Please allow me to introduce myself. I am an engineer with over 15 years of experience in various areas of product testing.

I currently work as a Senior Consultant at B3 Innovation AB, on assignment as Senior Test Automation Engineer at SJ, Stockholm.

I find this opportunity of Baseband Test Product Guardian at Ericsson very exciting and suitable for my TestOps and test automation competence, well-rounded test experience and commitment to product quality. I bring with me a get-it-done attitude with endless zeal to learn everyday, collaborate and promote quality mindset in the teams I work in.

I look forward to your reply.

Sincerely,

Soumya Prasad
